

launchdarkly::client
_side::IEventProcessor

```
graph BT; A[launchdarkly::client_side::EventProcessor] --> B[launchdarkly::client_side::IEventProcessor];
```

A UML class diagram showing inheritance. A light gray box at the bottom represents the base class 'launchdarkly::client_side::EventProcessor'. A dark gray box at the top represents the derived class 'launchdarkly::client_side::IEventProcessor'. A blue arrow points from the base class to the derived class, indicating that the derived class inherits from the base class.
